What is Upward Bound?
UNH Upward Bound, a federally funded college preparatory program, provides services at no cost to 114 students attending Farmington, Somersworth, Spaulding, Manchester Central, Memorial, and West High Schools. Our mission is to help students develop the skills necessary to successfully graduate from high school and go on to college in order to earn a two or four-year degree within six-years of high school graduation.

Since 1966, UNH Upward Bound has helped several thousand New Hampshire young people earn college degrees and improve their options for successful careers. **Our program begins during the Academic Year** where students will meet with advisers twice monthly in their schools and receive academic, career, and college assistance and guidance. In addition to in-school advising, students receive college & career guidance during grade-level workshops, have the opportunity to attend monthly Saturday Tutoring Academies at UNH and college, educational and cultural visits throughout New England. **The program continues during the Summer Academic Academy** which takes place over six weeks at UNH. Students get to experience residence hall life while living with other Upward Bound students on the UNH Durham campus Monday through Friday. They take classes that will help prepare them for their next year in school. In addition, students will get support through tutoring, creative problem-solving challenges, and culturally enriching activities.

The Role of a Tutor-Mentor
The Tutor-Mentor (TM) position is one of the most important jobs at Upward Bound. TMs bring the philosophy of the program to the students and help them learn how to be academically and personally successful. TMs communicate commitment, respect for others, healthy risk-taking, and a strong sense of community. Characteristically, they enjoy working with high school students, and are completely trustworthy, compassionate, enthusiastic individuals dedicated to the ideals of teaching and helping others. **As a TM, your responsibilities would include, but not be limited to:**

- Participating in the academic classroom by:
  - helping to individualize the curricula and providing individual and remedial instruction,
  - helping to implement academic goals and objectives,
  - encouraging students to grow intellectually,
  - providing core staff with feedback on student progress,
  - providing a supportive and encouraging atmosphere in the classroom,
  - providing evaluations for each student.
- Supervise “Learn 2 Study” sessions. Teach effective study skills and tutor participants in core content subject and assist students in establishing and monitoring individual goals;
- Mentor and support low income, first generation high school students in college preparation activities;
- Serve as an advisor. Develop and facilitate enrichment curriculum of academic, cultural, and co-curricular programming through advisor group activities (with a TM partner);
- Serving as a role model for students while communicating the importance of character-centered values;
- Monitoring program-wide compliance with UB guidelines, goals and philosophy and ensuring the emotional and physical safety of the Upward Bound students at all times;
- Participating in staff training and staff meetings;
- Other duties as assigned by the core staff.
